the agency might perform an effective assessment on its Grant Administration Programs, ONDCP's policy development process, and ONDCP's drug budget review and certification processes, with the goal of embedding equity throughout agency practices and policies. Submissions might consider questions such as:

- Jurisdictions at the State, local, Tribal, and territorial levels have implemented equity assessment tools to inform their policymaking or budgetary processes. What are the lessons these jurisdictions have learned from implementing or interacting with those tools?
- Formal consultations for the National Drug Control Strategy often involve direct relationships between ONDCP and the consulting group, organization, or subject matter expert. What are recommendations on how the agency can broaden its formal consultations to gain broader perspectives earlier in the policy development process?
- How might research examine equity in the context of law enforcement actions against drug trafficking or transnational criminal organizations? Are there existing applicable research frameworks that might be applied to ONDCP's Grant Administration Programs or other multi-jurisdictional task forces?
- What nationally representative private health, drug or crime databases or systems might be leveraged to provide information about equitable application of U.S. drug policy and how might access to such databases improve equitable responses? Please provide specific contact information for follow-up with those in a position to authorize dataset access.
- Provide recommendations for ONDCP to involve people who use drugs, especially those not typically included in household surveys, in the development of National drug control policy.
- What would be your recommendations for short-term and long-term goals that ONDCP should take into account to measure progress towards equity in drug policy?

(Authority: E.O. 13985, signed by the President on January 20, 2021.)

Institute of Museum and Library Services

Submission for OMB Review, Comment Request, Proposed Collection: 2022–2024 IMLS Grants to States Program State Program Reporting (SPR) System Forms

**AGENCY:** Institute of Museum and Library Services, National Foundation for the Arts and the Humanities. **ACTION:** Submission for OMB review,

comment request.

**SUMMARY:** The Institute of Museum and Library Services announces the following information collection has been submitted to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. This Notice proposes the clearance of the IMLS Grants to States Program State Program Reporting (SPR) System electronic data collection, which supports both the financial and performance reporting for all grantees. A copy of the proposed information collection request can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice. **DATES:** Written comments must be

**DATES:** Written comments must be submitted to the office listed in the **ADDRESSES** section below on or before August 4, 2021.

OMB is particular interested in comments that help the agency to:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used:
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology

(e.g., permitting electronic submission of responses).

ADDRESSES: Written comments and recommendations for proposed information collection requests should be sent within 30 days of publication of this Notice to www.reginfo.gov/public/ do/PRAMain. Find this particular information collection request by selecting "Institute of Museum and Library Services" under "Currently Under Review;" then check "Only Show ICR for Public Comment" checkbox. Once you have found this information collection request, select "Comment," and enter or upload your comment and information. Alternatively, please mail your written comments to Office of Information and Regulatory Affairs, Attn.: OMB Desk Officer for Education, Office of Management and Budget, Room 10235, Washington, DC 20503, or call (202) 395-7316.

# FOR FURTHER INFORMATION CONTACT:

Teresa DeVoe, Associate Deputy Director—State Programs, Office of Library Services, State Programs, Institute of Museum and Library Services, 955 L'Enfant Plaza North SW, Suite 4000, Washington, DC 20024—2135. Ms. DeVoe can be reached by telephone at 202–653–4778, or by email at *tdevoe@imls.gov*. Office hours are from 8:30 a.m. to 5 p.m., E.T., Monday through Friday, except Federal holidays. Persons who are deaf or hard of hearing (TTY users) can contact IMLS via Federal Relay at 800–877–8339.

SUPPLEMENTARY INFORMATION: The Institute of Museum and Library Services (IMLS) is the primary source of federal support for the nation's libraries and museums. We advance, support, and empower America's museums, libraries, and related organizations through grant making, research, and policy development. To learn more, visit www.imls.gov.

Current Actions: This Notice proposes renewal of the clearance of the forms and instructions for the IMLS Grants to States Program State Program Reporting (SPR) System electronic data collection for the next three years. These include State Program Reporting Requirements; State Program Reporting Requirements Appendices; SPR Reporting System User Documentation; State Financial Status Report; Quick Reference Sheet for State Program Report Outcomes Qs; State Legal Officer's Certification of Authorized Certifying Official; Internet Safety Certification for Applicant Public Libraries, Public Elementary and Secondary School Libraries, and Consortia with Public and/or Public School Libraries; Internet Safety Certification for a State Library

Administrative Agency that Carries Out Services as a Public Library, and Assurances Provided in Support of Five-Year Plan.

The 60-Day Notice was published in the **Federal Register** on April 21, 2021 (86 FR 20743). One/No comment was received.

# NATIONAL SCIENCE FOUNDATION

Agency Information Collection Activities: Comment Request; NSF Research Experience and Mentoring Survey

**AGENCY:** National Science Foundation. **ACTION:** Submission for OMB review; comment request.

SUMMARY: The National Science Foundation (NSF) has submitted the following information collection requirement to OMB for review and clearance under the Paperwork Reduction Act of 1995. This is the second notice for public comment; the first was published in the Federal Register, and no comments were received. NSF is forwarding the proposed submission to the Office of Management and Budget (OMB) for clearance simultaneously with the publication of this second notice.

**DATES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAmain. Find this particular information collection by selecting "Currently under 30-day Review—Open

for Public Comments" or by using the search function.

# FOR FURTHER INFORMATION CONTACT:

Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, VA 22314, or send email to *splimpto@nsf.gov*. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including federal holidays).

Copies of the submission may be obtained by calling 703–292–7556.

supplementary information: NSF may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Title of Collection: NSF Research Experience and Mentoring Survey. OMB Number: 3145–NEW.

Type of Request: Intent to seek approval to establish an information collection.

Abstract: The Research Experience and Mentoring (REM) Program supports the active involvement of research participants (RPs) that include high school students. Science, Technology. Engineering and Mathematics (STEM) teachers, undergraduate STEM students, faculty, and veterans, in hands-on research in order to bring participants into contact with STEM mentors and expose them to a summer research experience. Research participants are recruited as cohorts in order to facilitate mentoring and research activities, community building, and provide mutual student support.

The main goals of the REM Program are to provide research experiences and mentored opportunities to STEM students and/or educators that may ultimately enhance their career and academic trajectories while enhancing NSF research projects by the Emerging Frontiers in Research and Innovation (EFRI) program and the Engineering Research Centers (ERC). The REM Program may also enable the building of long-term collaborative partnerships among EFRI- and ERC-supported researchers, community colleges, local four-year colleges, and local school districts.

A REM supplement of maximum of \$110,000 over a 1-year period. Activities that are innovative and site-specific are

encouraged. Effective REM programs typically have many of the following characteristics, which are provided here as general guidelines: Mentorship training for researchers and affiliated graduate students or postdoctoral researchers; Well-designed, introductory training for RPs; Six to ten weeks of summer research (full time); Continued mentorship of RPs throughout the academic year; Participation of RPs in research team meetings and topic-related conferences or workshops; and Guidance for RPs in co-authoring publications and/or posters.

NSF is requesting OMB approval for the REM program to collect information from past and present research participants. The REM program seeks to collect data from research participants and to: (1) *Inform REM programming* (e.g., to identify areas of growth); and (2) conduct retrospective analysis of the REM program to assess the success of REM historically.

Use of the Information: The information collected is primarily for the use of the NSF REM program to assess the success of the program and for informing decisions NSF will make regarding future programming and support provided to research participants.

Estimate of Burden: Estimated at 180 hours for a one-time collection.

Respondents: All REM research participants will be invited to respond to the survey. The REM research participants include high school students, STEM teachers, undergraduate STEM students, and faculty.

Estimated Number of Responses: 540 (representing a 60% response rate).

Dated: June 30, 2021.
